

Musical Instrument Instant Challenge

Your team's challenge is to create three different musical instruments with the materials provided and use them in a team created performance.

Part One

Your team will have 5 minutes to create the musical instruments using the materials provided and to create a performance which you will present in part two.

Part Two

Your team will have 3 minutes to use the musical instruments in a performance.

Materials

Create your own material list using items you have on hand.

Scoring

- 10 points for the creativity of each musical instrument your team has created at the end of part one (30 points maximum)
- 10 points for creative use of materials for each instrument (30 points maximum)
- 30 points for storytelling during part two
- 10 points for teamwork during the entire challenge
