

HITS AND HOTSPOTS

A FUN WAY TO FOCUS IDEAS!

Step 1: Pick Topics

Choose 2–3 Challenge topics (like story location, characters, set ideas). Write each one at the top of big paper.

Step 2: Brainstorm Ideas

Write down LOTS of ideas—one per sticky note. Stick them on the right paper. (The more ideas, the better!)

Step 3: Group the Notes

Work together to sort the sticky notes into categories that “fit” (ex: space, ocean, forest).

Step 4: Talk It Out

Discuss the groups of ideas. What’s exciting? What could work well?

Step 5: Dot Voting 🎯

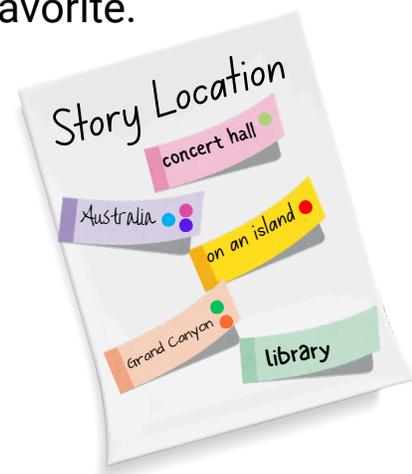

Everyone gets sticky dots (about 10 each). Put your dots on the ideas you like best! You can use one dot per idea, or put lots on a favorite.

Step 6: See the Favorites

Look at where the dots are! The most popular ideas stand out—now you know where to focus.

🌟 Team Tip: More dots = more love for an idea!

🌟 Remember, every idea matters—this helps us find the BEST ones together!
